Sir:

Listed on accompanying IDS Forms, PTO/SB/08A and PTO/SB/08B, are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Copies of documents **FP1** to **FP11** and **NPL1** to **NPL13**, are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patent patents and patent publications, documents **US1** to **US4**, cited on the attached IDS Form, PTO/SB/08A, are not submitted. In addition, copies of documents **NPL14** and **NPL15** are not provided in accordance with the U.S. Patent and Trademark Office OG notice of October 19, 2004, which states: "the requirement in 37 C.F.R. § 1.98(a)(2)(iii) for a legible copy of the specification, including the claims, and drawings of each cited pending U.S. patent application (or portion of the application which caused it to be listed) is sua sponte waived where the cited pending application is stored in the USPTO's IFW system."

Documents **FP1**, **FP5**, and **FP8**, corresponding to JP 09-258803, KR 2001-0109944, and KR 2003-0025507, respectively, were cited in a search report by a foreign patent office in a counterpart international application of the present application.

Submission of an English language version of the search report that indicates the degree of relevance found by the foreign office is provided in satisfaction of the requirement for a concise explanation of relevance. 1138 OG 37, 38. The search report is attached as document **NPL3** on the IDS Form, PTO/SB/08B. In addition, English language abstracts from the Korean Intellectual Patent Office are provided for documents **FP5** and **FP8** as documents **NPL7** and **NPL10**, respectively. Furthermore, an English language abstract from the Japanese Patent Office is provided for document **FP1** as document **NPL4**.

The Examiner's attention is directed to the following co-pending U.S. Patent Applications, which are directed to related technical subject matter:

U.S. Application No. 10/560,409, inventor Kim, S.-G., with an International filing date of June 14, 2004, pending and listed as document **NPL14**; and

U.S. Application No. 10/564,561, inventor Kim, S.-G., with an International filing date of July 13, 2004, pending and listed as document **NPL15**.

The identification of these U.S. Patent Applications is not to be construed as a waiver of secrecy as to those applications now or upon issuance of the present application as a patent. The Examiner is respectfully requested to consider the cited applications and the art cited therein during examination.

Documents **FP3** and **FP9** to **FP11**, corresponding to KR 2000-0063796, KR 2003-0000426, KR 2003-0009755, and JP 2003-67485, respectively, were cited in a search report by a foreign patent office in a counterpart international application of U.S. Application No. 10/560,409. Submission of an English language version of the search report that indicates the degree of relevance found by the foreign office is provided in satisfaction of the requirement for a concise explanation of relevance. 1138 OG 37, 38. The search report is attached as document **NPL1** on the IDS Form, PTO/SB/08B. In addition, English language abstracts from the Korean Intellectual Patent Office are provided for documents **FP3**, **FP9**, and **FP10** as documents **NPL6**, **NPL11**, and **NPL12**, respectively. Furthermore, an English language abstract from the Japanese Patent Office is provided for document **FP11** as document **NPL13**.

Documents **FP2**, **FP6**, and **FP7**, corresponding to JP 10-0097582, KR 2002-0071546, and KR 2002-0089225, respectively, were cited in a search report by a foreign patent office in a counterpart international application of U.S. Application No. 10/564,561. Submission of an English language version of the search report that indicates the degree of relevance found by the foreign office is provided in satisfaction of the requirement for a concise explanation of relevance. 1138 OG 37, 38. The search report is attached as document **NPL2** on the IDS Form, PTO/SB/08B. In addition, English language abstracts from the Korean Intellectual Patent Office are provided for documents **FP6** and **FP7** as documents **NPL8** and **NPL9**, respectively. Furthermore, an English language abstract from the Japanese Patent Office is provided for document **FP2** as document **NPL5**.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicant has listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicant reserves the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
